About EYE in Rural project

The project "EYE in RURAL- The enhancement of Youth Entrepreneurship in Rural" aims to enhance skills and competencies of youth on entrepreneurship in rural areas besides to provide the online training module and pilot training for youth by promoting them entrepreneurship and entrepreneurship education.

The project has a supplementary effect by means of the cooperation with different structured organizations to supply different perspective in youth work for youth workers, consultant, and trainers. It is expected that young people will socialize, develop their entrepreneurship, increase their job opportunities in rural areas, develop their self-esteem and reveal new ideas and professional skills.

Activities

The main activities of the project are:

Online Module

The educational module aims to enhance the basic knowledge of entrepreneurship.

Handbook

The Handbook aims to boost the young entrepreneurs to create their own company or social enterprise.

Staff Training

Training of trainers in Greece and Poland. VET trainers from each participating country will participate.

Pilot Training

Pilot training for young people who wants to set a business in rural, training of personnel working on entrepreneurship.

The main objectives of the project are:

- To provide more and equal opportunities for young people in education and employment.
- To support the active participation of young people in society.
- To implement initiatives in the fields of Education, Training, Employment, and Entrepreneurship.
- To train young people in rural ages between 18 and 30 years in order to develop their knowledge, skills, and competencies in relation to entrepreneurship, to contribute their social, personal, linguistic and professional development, to promote their talents, competent professions and to strengthen their job market and increase their employment.
